https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Crochet 20-Liter Water Bottle Cover

Step by Step Tutorial

A beautiful and practical cover to decorate your home with color and love! ♥

Finished Size

Fits a standard 20-liter (5-gallon) water bottle

Height: 50 cm (19.7 in)
Circumference: 95 cm (37.4 in)
Diameter: 30 cm (11.8 in)

Materials

- ☑ Worsted weight yarn (4 - Medium) in various colors
- ☑ 5.0 mm (H) crochet hook (or size needed to obtain gauge)
- ☑ Yarn needle
- ☑ Scissors
- ☑ Stitch markers (optional)

Gauge (approximate)

4 in (10 cm) = 16 dc x 9 rows

Gauge is not critical. Adjust hook size if needed to fit your bottle.

Stitches Used (US Terms)

- **ch** – chain
- **sl st** – slip stitch
- **sc** – single crochet
- **hdc** – half double crochet
- **dc** – double crochet
- **tr** – treble crochet
- Magic ring
- Increase (inc)
- Decrease (dec)
- Front loop only (FLO)
- Back loop only (BLO)
- Shell stitch
- Picot stitch

Tips

- Use firm, even stitches.
- Try the cover on the bottle as you go.
- You can adjust the height to fit your bottle.
- Use washable yarn.

1 Bottom Base

Ch 4, join with sl st to form a ring. Work 12 dc into the ring. Continue increasing in rounds until the circle measures 30 cm (11.8 in) in diameter. End with sl st.

2 Side Body (Lower Section)

Ch 3 (counts as dc), work dc in each stitch around. Join with sl st. Repeat for several rounds, changing colors as desired (e.g., blue, yellow, pink). Work until the piece measures about 15 cm (5.9 in) high.

3 Decorative Openwork Row

Ch 3, * skip 2 sts, 5 dc in next st, skip 2 sts, sc in next st * repeat around. Join with sl st.
Next round: work a scallop edge [5 dc in same space, sc in next] repeat around.

4 Continue the Body

Keep working dc in rounds, changing colors according to the design. Work until the total height (before top) is about 35 cm (13.8 in).

5 Top Section

Add decorative rounds at the top: 1 round of dc, then a scallop round [5 dc in next st, sc in next). Continue with a few more rounds in bright colors.

6 Create the Spigot Opening

Mark the center front. Count 12–14 sts wide and 10–12 rows high. Join yarn and work sc around the opening. Finish with a round of dc or a scallop if you prefer.

7 Crochet the Flowers

Large Flower (make 1):
R1: Magic ring, 12 dc, sl st.
R2: * (2 dc, ch 2, 2 dc) in same st, sl st in next * repeat 6 times.
Small Flowers: work 5 petals with (2 dc, ch 2, 2 dc) in each petal. Make flowers in different colors.

8 Crochet the Leaves

Ch 10. In 2nd ch from hook: sc, hdc, dc, tr, dc, hdc, sc. Ch 1, sl st. Fasten off.
Make leaves in different sizes.

9 Assemble the Decoration

Arrange the flowers and leaves on the cover. Sew with yarn needle, or join with sl st. Add small flowers and leaves to fill the design.

10 Top Finishing

Make a small flower for the top:
R1: Magic ring, 6 sc.
R2: inc in each st (12).
R3: * (sc, inc) * (18).
R4: Change color, * (2 sc, inc) * (24).
Add green leaves and sew to the top.

Assembly Diagram

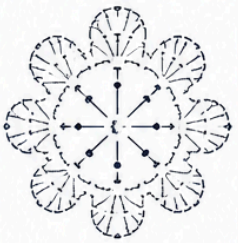

Color Sequence Suggestion

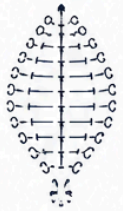

- Blue (3 rounds)
- Yellow (2 rounds)
- Pink (3 rounds)
- Cream (main color)
- Decorative openwork
- Pink scallop
- Blue (3 rounds)
- Yellow (2 rounds)
- Pink (2 rounds)
- Flower appliqués
- Cream (upper section)
- Top stripes and scallop

Flower Diagram (Large Flower)

- = slip stitch
- = chain
- = single crochet
- = double crochet

Leaf Diagram

- = slip stitch
- = chain
- = single crochet
- = half double crochet
- = double crochet
- = treble crochet

Crochet 20-Liter Water Bottle Cover

Crochet Chart and Stitch Diagrams

Brighten your home with crochet! ♥

Stitches and Abbreviations (US Terms)

- **ch** – chain
- **sl st** – slip stitch
- **sc** – single crochet
- **hdc** – half double crochet
- **dc** – double crochet
- **tr** – treble crochet
- **dc cluster** (3 dc in same stitch)
- **picot** (ch 3, sl st in 1st ch)
- increase (2 sc in same st)
- decrease (sc2tog)
- front loop only (FLO)
- back loop only (BLO)
- magic ring
- repeat
- fasten off

Yarn Colors Used (example)

- Cream (main color)
- Hot pink
- Yellow
- Bright blue
- Orange
- Green (leaves)
- Purple
- Light pink
- Light yellow

Recommended Hook

5.0 mm (H)
(or size needed for your yarn)

Use medium weight yarn (4 - worsted)

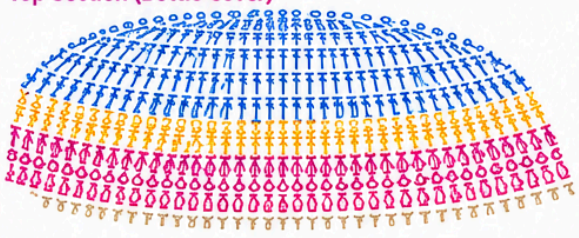

Top Flower (Lid)

Make 1

R1: Magic ring, 6 sc
R2: 2 sc in each st (12)
R3: (1 sc, inc) x 6 (18)
R4: (2 sc, inc) x 6 (24)
R5: (3 sc, inc) x 6 (30)
Change to yellow and pink to form petals
R6: * 1 sc, 1 hdc, 3 dc, 1 hdc, 1 sc in same st, sl st * repeat
Make green leaves (see leaf chart)
Sew to the top.

Top Section (Bottle Cover)

R1: Magic ring, 6 dc
R2: Inc in each st (12)
R3: (1 dc, inc) x 6 (18)
R4: (2 dc, inc) x 6 (24)
R5: (3 dc, inc) x 6 (30)
Continue increasing evenly until the circle measures the diameter of your bottle (about 30 cm / 11.8 in).
Then work straight in dc without increases.

Scallop Edge (top and bottom)

Multiple of 6 + 1

R1: * sc 5, 5 dc in next st, sc 5, sl st * repeat
Work around the edge.

Main Body (Straight Section)

Work in rounds (dc) changing colors.

Repeat rows until the piece reaches about 35 cm (13.8 in). (for a 20-liter bottle).

Front Opening (for the Tap)

1. Mark the center front.
2. Skip the indicated stitches to create the opening.
3. Work around the opening with sc or dc.
4. Finish with a round of scallops if desired.

Large Flower (Make 1)

R1: Magic ring, 12 dc
R2: (2 dc in each st) (24)
R3: * 1 sc, 1 hdc, 3 dc, 1 hdc, 1 sc * in same st, sl st in next st, repeat
Fasten off.

Small Flower (Make several)

R1: Magic ring, 6 sc
R2: 2 sc in each st (12)
R3: * 1 sc, 1 hdc, 2 dc, 1 hdc, 1 sc * in same st, sl st in next st, repeat.

Leaf (Make several)

Ch 10.
R1: sc in 2nd ch from hook, hdc, dc, tr, dc, hdc, sc.
Make in different sizes.

Assembly of Flowers and Leaves

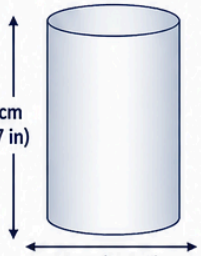

Sew the flowers and leaves onto the main body with a yarn needle. Arrange as desired.

Bottom Decorative Row

R1: dc in each st
R2: * skip 2 sts, 5 dc in next st, skip 2 sts, sc in next st * repeat.
Add a final scallop row.

Size Diagram

Color Sequence (Example)

- Blue (top)
- Yellow
- Pink
- Cream
- Main section (cream with appliqués)
- Blue
- Yellow
- Pink
- Cream (lace)
- Pink (bottom)

Final Chart (Side View)

Repeat pattern around the bottle.

Crochet 20-Liter Water Bottle Cover – Complete Step-by-Step Tutorial

This Crochet 20-Liter Water Bottle Cover is a colorful, decorative project designed to fit a standard 20-liter (5-gallon) water bottle. The finished cover combines a sturdy circular base, striped crochet sections, decorative openwork, scalloped edging, a practical opening for the bottle spigot, and beautiful handmade flower-and-leaf appliqués.

The tutorial below follows the construction shown in the chart and uses standard U.S. crochet terminology. The approximate finished dimensions are 50 cm (19.7 in) high, 95 cm (37.4 in) in circumference, and 30 cm (11.8 in) in diameter. Because 20-liter bottles can vary slightly between manufacturers, keep the bottle nearby while you crochet and test the fit regularly.

The project is worked primarily with worsted-weight yarn and a 5.0 mm (US H/8) crochet hook. A combination of cream, blue, yellow, pink, orange, green, and purple creates the cheerful look shown in the tutorial, but you can customize the palette to coordinate with your kitchen or home décor. 🧶🌸

Step 1: Gather Your Materials and Check the Gauge

For the main cover, prepare approximately 4 medium-size skeins of worsted-weight yarn, with extra small amounts in several colors for the flowers, leaves, stripes, and edging.

You will need:

- **Worsted-weight yarn in cream or off-white for the main body**
- **Blue yarn**
- **Pink yarn**
- **Yellow yarn**

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

- Orange yarn
- Green yarn
- Purple yarn
- 5.0 mm (US H/8) crochet hook
- Yarn needle
- Scissors
- Stitch markers
- Measuring tape
- Optional removable markers for positioning the flowers

The approximate gauge from the diagram is:

16 double crochet stitches × 9 rows = 10 cm (4 in)

Gauge is not extremely strict for this decorative project. The most important requirement is that your finished cover fits your actual water bottle without being too loose or too tight.

The main U.S. crochet abbreviations used throughout the project are:

ch – chain
sl st – slip stitch
sc – single crochet
hdc – half double crochet
dc – double crochet
tr – treble crochet
inc – increase
dec – decrease
FLO – front loop only
BLO – back loop only

You will also use a magic ring, shell stitches, and picots.

When changing colors, complete the final yarn-over of the previous stitch using the new color. This creates a much cleaner transition.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Step 2: Crochet the Circular Bottom Base

Begin with the cream-colored yarn.

Make ch 4 and join the first chain with a sl st to create a ring. You may alternatively begin with a magic ring if you prefer.

Round 1

Ch 3. This may count as the first dc if that is your normal method.

Work enough dc stitches into the ring to create a small flat circle. A standard starting point is approximately 12 dc.

Join with a sl st.

Round 2

Ch 3.

Work 2 dc in each stitch around.

Join with a sl st.

Round 3

Ch 3.

Work:

1 dc in the first stitch, 2 dc in the next stitch

Repeat around.

Join.

Round 4

Work:

1 dc in each of the next 2 stitches, 2 dc in the next stitch

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Repeat around.

Continue increasing in this established pattern.

Each new round places one additional regular dc between increase stitches.

For example:

Round 5: 3 dc, increase
Round 6: 4 dc, increase
Round 7: 5 dc, increase

Continue until your circle measures approximately 30 cm (11.8 in) in diameter.

Lay the circle flat after every few rounds. If the base begins curling upward, you probably need slightly more frequent increases. If it becomes wavy, reduce the number of increases.

The base should be flat before beginning the vertical body.

Finish the final round with a slip stitch.

Step 3: Begin the Lower Side Body

Once the base has reached approximately 30 cm across, stop increasing.

Begin working dc evenly around without increases.

This immediately starts turning the flat circle into a cylindrical cover.

Continue working in joined rounds.

The lower side section shown in the diagram is approximately 15 cm (5.9 in) high before the decorative openwork area.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Use color changes to create stripes similar to the original project.

A suggested sequence is:

Cream – main lower section
Pink – 2 to 3 rounds
Yellow – approximately 2 rounds
Blue – approximately 3 rounds

You can adjust the exact number of rounds according to your gauge and the appearance you prefer.

Keep all rounds even. Count your stitches occasionally to make sure you have not accidentally added or removed stitches.

Try the cover over the bottle regularly. The fabric should slide over the bottle comfortably but should not hang loosely.

Step 4: Create the Decorative Openwork Section

The lower portion of the cover includes a beautiful openwork crochet band.

Switch to cream yarn.

Ch 3.

The general openwork repeat is based on:

skip 2 stitches, work 5 dc into the next stitch, skip 2 stitches, work 1 sc into the next stitch

Repeat around.

This creates decorative fan or shell shapes.

If your stitch count does not divide perfectly into the repeat, adjust by skipping one fewer stitch in one or two places. Make

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

those adjustments discreetly so they are not visually noticeable.

Join the round.

For the following decorative round, create a scalloped or picot-style edge.

One simple method is:

5 dc in one stitch or chain space, sc into the next suitable space

Repeat around.

For a sharper decorative point, add a small picot at the center of each shell:

Work 2 dc, ch 3, sl st into the first chain, then work 2 or 3 additional dc into the same space.

The diagram shows a vibrant pink scalloped border, so change to pink yarn for the final openwork edge.

Keep this area flexible because it contributes to the decorative character of the finished bottle cover.

Step 5: Continue Crocheting the Main Body

After completing the openwork section, return to regular rounds of dc.

Use cream yarn for most of the center area.

Work 1 dc in every stitch around, joining each round with a sl st.

Continue until the total height of the bottle cover reaches approximately 35 cm (13.8 in) before beginning the top shaping.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

The cream central area provides the background for the crochet flowers and leaves.

Check the fit frequently.

Your fabric should remain vertical rather than becoming wider.

If it becomes too loose, make an occasional invisible decrease.

To decrease in dc:

Yarn over, insert the hook into the first stitch and pull up a loop. Yarn over and pull through two loops. Yarn over, insert the hook into the next stitch and pull up a loop. Yarn over and pull through two loops. Yarn over and pull through all remaining loops.

Use decreases sparingly.

Step 6: Create the Spigot Opening

The opening at the front is one of the most important practical features of the cover.

Place the cover onto the bottle.

Locate the center of the bottle's spigot.

Use stitch markers to mark an opening approximately 12 to 14 stitches wide.

The opening should extend approximately 10 to 12 rows high, although you should adjust these measurements according to your actual dispenser.

Instead of working continuously around the bottle, turn your work and crochet back and forth across the remaining stitches.

Do not crochet across the marked opening.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Continue for the required number of rows.

When the opening has reached the correct height, reconnect the two sides by making a chain that spans the top of the opening.

Continue working around again.

Try the cover on the bottle before finishing the edging.

The faucet and handle must operate freely.

Spigot Opening Edging

Attach pink yarn around the opening.

Work sc evenly around the entire edge.

At the curved lower corners, work extra stitches as necessary to keep the edging flat.

You can add a second round of sc or a small scalloped round.

For example:

sl st, skip 1 stitch, 5 dc in next stitch, skip 1 stitch, sl st in next stitch

Repeat where appropriate.

This produces the attractive pink framed opening shown in the original design.

Step 7: Add the Bright Decorative Stripes

Above the central cream section, begin the colorful striped area.

The diagram suggests the following approximate sequence:

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Blue – 3 rounds
Yellow – 2 rounds
Pink – 2 to 3 rounds

Work the stripes in dc rounds.

For a slightly denser appearance, you may use hdc for one or more stripes.

Keep your stitch count consistent.

At every color change, finish the final stitch with the new yarn color.

Carry the unused yarn for very short color changes only. For longer sections, cut the yarn and weave in the ends later.

The striped bands should wrap evenly around the bottle.

Step 8: Crochet the Decorative Top Scallops

At the upper edge of the striped section, add the decorative pink scallops.

Attach pink yarn.

Work approximately:

skip 2 stitches, 5 dc in the next stitch, skip 2 stitches, sc in the next stitch

Repeat around.

If desired, create a small picot in the center of each shell.

For example:

Work 2 dc, ch 3, sl st into the first ch, then continue with 3 dc in the same stitch.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

The scalloped row creates the decorative transition between the striped top and the cream body.

Keep the scallops relaxed. If they pull tightly, use a slightly larger hook for this round.

Step 9: Shape the Upper Section

The shoulder of a 20-liter water bottle gradually narrows toward the neck, so the crochet must also decrease.

Continue working in dc rounds using blue yarn or the desired upper color.

Begin making gradual decreases.

A useful starting sequence is:

Work approximately 8 to 10 dc, then make a dc decrease.

Repeat around.

Work the next round normally.

On the following decrease round, shorten the distance between decreases slightly.

For example:

8 dc, decrease
Next decrease round: 7 dc, decrease
Next decrease round: 6 dc, decrease

Do not decrease too quickly.

Put the cover onto the bottle frequently while shaping.

Your goal is to follow the curved shoulder of the water bottle while keeping enough stretch to remove and replace the cover.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Continue until the opening approaches the bottle neck.

Step 10: Crochet the Large Flower 🌸

The main decorative flower is worked separately and sewn onto the front of the cover.

Use yellow yarn for the center and pink yarn for the petals.

Flower Center

Make a magic ring.

Round 1

Work 12 dc into the magic ring.

Pull the ring closed.

Join with a sl st.

Change to pink.

Round 2

The diagram suggests creating six large petals.

Into the appropriate stitch or space, work:

2 dc, ch 2, 2 dc

Move to the next petal position and repeat.

Create 6 evenly spaced petals.

For larger and more pronounced petals, you can work:

sc, hdc, 3 dc, hdc, sc

into the designated petal space.

Continue around until all six petals are complete.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Fasten off, leaving a long tail for sewing.

The large flower should become the main visual focal point in the center of the bottle cover.

Step 11: Crochet the Small Flowers

Create several smaller flowers in blue, purple, pink, yellow, and orange.

Begin each flower with a magic ring.

Work approximately 5 petal groups around the ring.

A simple petal can be made by working:

2 dc, ch 2, 2 dc

into the same space.

For smaller flowers, use:

sc, hdc, dc, hdc, sc

for each petal.

Add contrasting centers.

For example:

Blue petals + yellow center
Purple petals + yellow center
Pink petals + yellow center
Orange petals + yellow center

Make flowers in slightly different sizes to create a natural arrangement.

The design in the diagram uses one prominent large pink flower surrounded by several smaller flowers.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Step 12: Crochet the Leaves 🌿

Use green yarn.

Ch approximately 10.

Beginning in the second chain from the hook, work along one side of the foundation chain:

sc, hdc, dc, tr, dc, hdc, sc

Adjust the exact sequence according to the desired leaf length.

At the final chain, work several stitches into the same chain so you can turn around the end.

Now crochet along the opposite side of the original chain.

Mirror the stitch sequence.

For example:

sc, hdc, dc, tr, dc, hdc, sc

Join with a sl st.

For larger leaves, begin with more chains and use additional dc or tr stitches in the center.

You can create a visible center vein by working surface slip stitches along the middle of the leaf.

Make leaves in several sizes.

The finished arrangement looks especially attractive when larger leaves are placed around the central flower and smaller leaves fill empty spaces.

Step 13: Arrange and Sew the Flower Appliqués

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Place the bottle cover flat on a table or temporarily put it onto the bottle.

Position the large pink flower near the center front.

Arrange green leaves around it.

Place smaller blue, orange, purple, yellow, and pink flowers around the main flower.

Before sewing anything permanently, step back and look at the overall composition.

The chart shows a balanced garden-style arrangement extending across most of the cream center section.

Use removable stitch markers or safety pins to hold the pieces in place.

Thread a yarn needle with matching yarn.

Sew each flower securely around its center and selected outer edges.

Avoid pulling the stitches too tightly because this may distort the bottle cover.

Sew the leaves along the center and around some portions of the outside edges.

Leaving a few leaf tips slightly raised can create a pleasant three-dimensional appearance.

Weave all yarn tails securely into the back of the crochet fabric.

Step 14: Crochet the Decorative Top Flower

The top decoration resembles a small layered flower or floral knob.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Begin with pink or red yarn.

Round 1

Make a magic ring and work 6 sc into the ring.

Round 2

Work 2 sc in each stitch around.

You should have approximately 12 stitches.

Round 3

Work:

sc, increase

Repeat around.

You should have approximately 18 stitches.

Round 4

Change color if desired.

Work:

2 sc, increase

Repeat around.

You should have approximately 24 stitches.

Continue adding a few decorative rounds using yellow, pink, or orange yarn.

Then make several green leaves using the leaf method from the previous section.

Arrange the leaves around the base of the flower.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Sew the flower securely to the top center of the bottle cover.

The final decoration should sit neatly over the bottle neck area without interfering with removal of the cover.

Step 15: Finish the Lower Border

The bottom edge shown in the diagram features an additional colorful scalloped border.

If your bottom edge does not already have the complete decorative finish, attach pink yarn.

Work a round of sc evenly around.

Then work a shell round.

A useful repeat is:

sl st in first stitch, skip 2 stitches, 5 dc in next stitch, skip 2 stitches, sl st in next stitch

Repeat around.

For a more elaborate finish, work:

2 dc, ch 3, sl st into first chain, 3 dc

inside each shell.

The result should create the bold pink scalloped appearance visible in the original cover.

Make sure the bottom edge does not tighten around the bottle.

Step 16: Weave In Ends and Block the Cover

Once all crochet work is complete, inspect the entire cover.

Use a yarn needle to weave in every loose end.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Weave each end through several stitches on the wrong side before trimming.

Pay special attention to yarn ends around:

- Color changes
- Flower appliqués
- Leaves
- Spigot opening
- Top decoration
- Scalloped borders

If you used washable acrylic yarn, gently shape the finished cover by hand.

If needed, lightly steam-block it without touching a hot iron directly to the yarn.

For wool or natural fibers, use wet blocking according to the yarn manufacturer's care instructions.

Allow the cover to dry completely.

Step 17: Put the Cover on the 20-Liter Bottle

Slide the finished crochet cover carefully over the water bottle.

Align the spigot opening with the faucet.

Adjust the flowers so the main arrangement faces forward.

Smooth the sides downward.

Check that:

- The bottom lies evenly.
- The cover is approximately 50 cm (19.7 in) high.
- The circumference is approximately 95 cm (37.4 in).

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

- The main body is approximately 30 cm (11.8 in) in diameter.
- The faucet can be operated easily.
- The bottle cover can be removed without excessive stretching.
- The floral appliqués remain securely attached.

If the cover is slightly too long, fold or adjust the upper section before permanently securing the top decoration.

If it is slightly short, add extra decorative rounds near the upper portion.

Suggested Color Sequence

To closely reproduce the appearance shown in the original tutorial, use this approximate order from bottom to top:

Pink scalloped edging

Cream decorative openwork

Pink stripe

Yellow stripe

Blue stripe

Cream main body

Flower and leaf appliqués

Pink decorative scallops

Yellow stripe

Blue upper section

Green leaves

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Multicolored top flower

You do not have to duplicate every color exactly. The construction method is more important than the exact palette.

For a farmhouse version, try cream, sage green, mustard, and dusty rose.

For a bright tropical version, use turquoise, coral, orange, yellow, purple, and emerald green.

For a softer version, use pastel blue, blush pink, light yellow, lavender, and mint green.

Helpful Tips for a Professional Finish

Keep your tension firm and even, especially in the main dc sections. Uneven tension can make the bottle cover twist.

Measure the actual bottle before beginning. A bottle sold as 20 liters or 5 gallons may differ slightly from the measurements in the diagram.

Try the project on the bottle often. Crochet is flexible, but checking the fit during construction is much easier than correcting the size after the entire cover is finished.

Use washable yarn because water bottle covers are commonly used in kitchens and may collect dust or small splashes.

For flower appliqués, do not sew every outer petal completely flat. Allowing some petals and leaf tips to remain raised gives the arrangement more dimension.

When changing colors, make all joins at the back whenever possible.

Place the beginning of your rounds toward the rear of the bottle so the joining seam is less noticeable.

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS

Most importantly, treat the measurements as a guide rather than an absolute rule. The diagram itself indicates that the gauge is approximate, so adjust the stitch count whenever necessary to fit your specific bottle.

Final Result 🌺

Your finished Crochet 20-Liter Water Bottle Cover should have a sturdy circular bottom, a fitted cylindrical body, colorful horizontal stripes, cream openwork details, a framed faucet opening, a tapered blue upper section, scalloped pink edging, and a beautiful garden of crocheted flowers and green leaves across the front.

The target finished measurements are approximately 50 cm (19.7 in) tall, 95 cm (37.4 in) around, and 30 cm (11.8 in) across. With regular fitting during construction, the design can easily be adapted to slightly different 5-gallon water bottles.

This is a wonderful project for combining double crochet, single crochet, shell stitches, picots, color changes, shaping, crochet flowers, and crochet leaves in one practical decorative piece. Once you understand the construction, you can also create matching covers in different color themes for kitchens, dining rooms, offices, or handmade gifts. 🧶🌸💧

https://creative.craftsforlove.com/ - SEE THE BEST PATTERNS
