Fasten off.

FLOWER ASSEMBLY

Arrange the flowers as desired.
Sew them lightly to the tieback band or to each other for a natural look.

LEAVES (Make 10–12)

With Sage Green yarn.
R1: Ch 12, starting in 2nd ch from hook: sc, hdc, dc, hdc, sc, sl st, sc, hdc, dc, hdc, sc. [11 sts]

R2: Ch 1, turn. sc, hdc, dc, hdc, sc, sl st, sc, hdc, dc, hdc, sc.

Fasten off leaving a long tail.

Sew leaves around the flowers.

TIP: Adjust the number of leaves and their placement for a full, natural arrangement.

THE TIEBACK BAND

With Olive Green yarn.

Make a chain of approx. 110–120 cm (43–47 in) or desired length.

You can also work a foundation chain and then 1 row of sl st back for a stronger band.

Attach the band behind the flower arrangement and secure with stitches.

ACORNS (Make 3)

Nut (Brown or Beige)
R1: MR, 6 sc [6]
R2: inc around [12]
R3: (sc, inc) x6 [18]
R4-8: sc around [18]
Stuff lightly.
R9: (sc, dec) x6 [12]
Fasten off.

Cap (Olive Green)
R1: MR, 6 sc [6]
R2: inc around [12]
R3: (sc, inc) x6 [18]
R4: BLO sc around [18]
Fasten off, leaving a tail.

Stem & Hanging Cord
Make a chain 15–18 cm (6–7 in) with Brown yarn.
Attach to the top of the cap.
Sew cap to nut.

ASSEMBLY

1 Arrange all flowers and leaves on the tieback band.

2 Secure flowers and leaves with needle and yarn (Sage Green) on the back side.

3 Attach the acorn cords at the bottom center.

4 Check the balance and spacing. Weave in all ends.

YOUR FINISHED TIEBACK!

A beautiful handmade tieback to brighten up your curtains!

TIPS & NOTES

- Use 100% cotton yarn for durability.
- Block flowers and leaves lightly to set their shape.
- Customize colors to match your decor.
- Make extra flowers and leaves if you want a fuller look.

Fasten off, leave long tail.
Attach cap to nut.
Add a ch 12–15 for hanging.

5. HANGING CORD (for acorns)

PATTERN:
Ch 12–15. Sl st in 2nd ch from hook and in each ch across.
Fasten off.

ASSEMBLY

1. Arrange and pin flowers and leaves on the tieback base.
2. Sew or hot glue flowers and leaves in place.
3. Attach hanging cords with acorns at the bottom.
4. Secure everything tightly.

COLOR SUGGESTION

- Daisies: White petals, Yellow center
- Flowers: Mustard, Peach/Rust petals, Beige center
- Leaves: Light Green / Olive Green
- Acorns: Tan / Brown, Olive Green cap
- Cords: Brown / Olive Green

TIP: Block leaves and flowers for a neat shape. Use stitch markers to keep your rounds even.

Crochet Flower & Acorn Curtain Tieback Tutorial

This Crochet Flower & Acorn Curtain Tieback Tutorial will guide you through the entire project from the first chain stitch to the final assembly. The finished piece combines dimensional daisies, golden sunflower-style flowers, a coral flower, textured green leaves, crocheted acorns, and a sturdy green tieback band.

The design is decorative but also practical. Once completed, the floral arrangement sits at the front of the curtain while the crocheted band wraps around the fabric to hold it back. The hanging acorns add movement and give the project a charming woodland-inspired finish.

The instructions below use US crochet terminology and follow the colors, approximate measurements, stitch counts, and construction shown in the reference tutorial.

Step 1: Finished Size and Project Overview

The finished tieback band should measure approximately 60 cm / 23.6 inches when arranged as shown, although the main band itself can be made longer depending on your curtains.

The floral and leaf arrangement is approximately 16 cm / 6.3 inches high.

Each finished acorn should measure approximately 6–7 cm / 2.4–2.8 inches long, excluding the longer hanging cord.

Because the tieback is handmade, small variations in size are completely normal. Your yarn tension, hook style, and yarn thickness may slightly change the finished measurements.

The project includes:

- **3 white daisies**
- **3 mustard/golden sunflower-style flowers**
- **1 coral flower**
- **Approximately 10–12 leaves**
- **3 crocheted acorns**
- **1 crocheted tieback band**
- **Hanging cords for the acorns**

You can also make extra flowers or leaves if you prefer a fuller arrangement.

Step 2: Materials You Will Need 🧶

Use worsted weight #4 cotton yarn in the following suggested colors:

White for daisy petals.

Yellow for the centers of the white daisies.

Mustard or golden yellow for the sunflower petals.

Coral or dusty pink for the coral flower.

Light beige for several flower centers and the acorn body.

Brown for the brown acorn cap and hanging cords.

Sage green for the leaves.

Olive green for the tieback band and green acorn caps.

You will also need:

- 3.5 mm crochet hook, approximately US E-4
- Yarn needle
- Scissors
- Stitch markers
- Curtain or fabric for checking the finished fit

Cotton yarn is especially suitable because it gives the flowers and leaves enough structure to maintain their shape.

Step 3: US Crochet Abbreviations

The tutorial uses the following standard US crochet terms:

ch = chain

sl st = slip stitch

sc = single crochet

hdc = half double crochet

dc = double crochet

tc = treble crochet

inc = increase, meaning work 2 single crochet stitches into the same stitch

dec = invisible decrease

(...) = repeat the instructions inside the parentheses

[...] = total stitch count at the end of the round or row

If you are new to crochet, place a stitch marker in the first stitch of each continuous round. This makes counting much easier.

Step 4: Crochet the White Daisies – Make 3 🌼

Each white daisy has a yellow circular center surrounded by long white petals.

Daisy Center

Using yellow yarn, begin with a magic ring.

Round 1: Work 6 single crochet stitches into the magic ring. You should have 6 stitches.

Pull the magic ring closed.

Round 2: Work 2 single crochet stitches into every stitch around.
You should now have 12 stitches.

Round 3: Work the following sequence around:

1 single crochet in the next stitch, then 2 single crochet stitches in the next stitch.

Repeat that sequence around the entire circle.

You should finish with 18 stitches.

Fasten off.

The finished center should be a small, slightly dimensional yellow circle.

Daisy Petals

Join white yarn in the back loop only, abbreviated BLO, of a stitch from the final center round.

For each petal:

Chain 8.

Beginning in the second chain from the hook, work:

- **1 slip stitch**

- 1 single crochet
- 1 half double crochet
- 1 double crochet
- 1 double crochet
- 1 half double crochet
- 1 single crochet

When you reach the center again, slip stitch into the same stitch or the joining point as indicated by your spacing.

Repeat the petal sequence evenly around the entire flower center.

The goal is to create long, narrow daisy petals with a softly rounded appearance.

Fasten off and weave in the yarn ends.

Repeat the entire process until you have 3 daisies.

Step 5: Crochet the Golden Sunflower-Style Flowers – Make 3 🌻

These flowers use a light beige center surrounded by rich mustard or golden petals.

Sunflower Center

Using light beige yarn, make a magic ring.

Round 1: Work 6 single crochet stitches into the magic ring.
[6 stitches]

Round 2: Increase in every stitch around.
[12 stitches]

Round 3: Work 1 single crochet, then increase in the next stitch.

Repeat around.
[18 stitches]

Fasten off.

Golden Petals

Join mustard or golden yarn into the back loop only of the outer center round.

Chain 8.

Beginning in the second chain from the hook, work:

- **slip stitch**
- **single crochet**
- **half double crochet**
- **double crochet**
- **double crochet**
- **half double crochet**
- **single crochet**

Slip stitch back into the flower center.

Repeat the same sequence around the entire center.

Fasten off and weave in the ends.

Make a total of 3 golden flowers.

For a natural arrangement, you can gently bend some petals upward and leave others flatter.

Step 6: Crochet the Coral Flower – Make 1 🌺

The coral flower uses the same general construction as the golden flower but introduces a contrasting warm tone.

Coral Flower Center

With light beige yarn, make a magic ring.

Round 1: 6 single crochet into the ring.
[6]

Round 2: Increase in every stitch.
[12]

Round 3: 1 single crochet, increase in the next stitch. Repeat around.
[18]

Fasten off.

Coral Petals

Join coral yarn in the back loop only of the center.

Chain 8.

Beginning in the second chain from the hook, work:

- **slip stitch**
- **single crochet**
- **half double crochet**
- **double crochet**
- **double crochet**
- **half double crochet**
- **single crochet**

Attach the petal back to the center with a slip stitch.

Repeat around.

Fasten off and weave in all ends.

The coral flower becomes an important focal point because it contrasts strongly with the white, yellow, and green sections.

Step 7: Crochet the Leaves – Make Approximately 10–12 🍃

Use sage green yarn.

The leaves are worked around a foundation chain so that one side of the chain forms the first side of the leaf and the opposite side forms the second.

Leaf Foundation

Chain 12.

Starting in the second chain from the hook, work:

- **slip stitch**
- **half double crochet**
- **double crochet**
- **half double crochet**
- **single crochet**
- **slip stitch**
- **single crochet**
- **half double crochet**
- **double crochet**
- **half double crochet**
- **single crochet**

You should have approximately 11 worked stitches along the chain.

Second Side of the Leaf

Chain 1 and turn so that you can crochet along the opposite side of the original foundation chain.

Work a similar progression:

- **slip stitch**
- **single crochet**

- half double crochet
- double crochet
- half double crochet
- single crochet
- slip stitch
- single crochet
- half double crochet
- double crochet
- half double crochet
- single crochet

Fasten off, leaving a long sewing tail.

The long tail is useful later when attaching the leaves behind the flowers.

Make approximately 10–12 leaves.

You may create a few additional leaves because the final number depends on how full you want the floral arrangement to appear.

Step 8: Shape and Block the Flowers and Leaves

Before assembling the tieback, arrange all the flowers and leaves on a flat surface.

Lightly shape each flower with your fingers.

Separate the petals so they do not overlap too heavily.

Stretch the leaves gently lengthwise and press the edges outward.

For additional definition, lightly block the crochet pieces.

Cotton yarn responds especially well to gentle blocking.

Do not overstretch the flowers because you want them to remain dimensional rather than completely flat.

Allow every piece to dry fully before assembly.

Step 9: Crochet the Tieback Band

Use olive green yarn.

Create a chain approximately 110–120 cm / 43–47 inches long, or adjust it to suit your curtain.

The tutorial suggests using the chain itself as the decorative tieback band.

For a stronger band, you may crochet 1 row of slip stitches through the back loop along the chain.

This creates a firmer, cord-like strip that is less likely to stretch.

Because curtain thickness varies, it is useful to test the chain around your curtain before fastening off.

The band should wrap comfortably around the curtain without squeezing the fabric.

Fasten off and weave in the yarn ends.

Step 10: Crochet the Acorn Body – Make 3 🌰

The acorn body is worked in continuous rounds.

Use brown or light beige yarn, depending on the color combination you want.

Start with a magic ring.

Round 1: Work 6 single crochet stitches into the magic ring. [6]

Round 2: Increase in every stitch around.
[12]

Round 3: Work 1 single crochet, increase in the next stitch. Repeat around.
[18]

Rounds 4–8: Work 1 single crochet in every stitch around.
[18 stitches each round]

At this point, the piece should begin to resemble a small rounded acorn body.

Add a small amount of stuffing.

Do not overstuff. The acorn should be firm enough to hold its shape but still look soft and handmade.

Round 9: Work 1 single crochet, then an invisible decrease.

Repeat around.
[12 stitches]

Fasten off.

Make a total of 3 acorn bodies.

Step 11: Crochet the Acorn Caps

The caps can be worked in olive green or brown, depending on the desired variation.

Make a magic ring.

Round 1: Work 6 single crochet into the magic ring.
[6]

Round 2: Increase in each stitch around.
[12]

Round 3: Work 1 single crochet, increase in the next stitch. Repeat around.
[18]

Round 4: Work 1 single crochet in each stitch around using the back loop only.
[18]

Fasten off, leaving a long sewing tail.

Place the cap over the open upper edge of the stuffed acorn body.

Use the yarn tail and yarn needle to sew the cap securely to the acorn.

Repeat for all three acorns.

Step 12: Make the Acorn Hanging Cords

Using brown yarn, make a chain approximately 15–18 cm / 6–7 inches long.

This chain becomes the stem and hanging cord.

Attach one end securely to the top center of the acorn cap.

Make another hanging cord for each acorn.

You can vary the lengths slightly so the acorns hang at different heights. This gives the finished arrangement a more natural appearance.

Step 13: Arrange the Flowers

Lay the tieback band horizontally on your work surface.

Begin placing the flowers over the center section.

For an arrangement similar to the reference design, place the largest white daisies near the center.

Position the coral flower slightly toward one side.

Add the smaller mustard flowers around the white flowers.

Avoid placing every flower in a perfectly straight line.

A slightly uneven arrangement creates a fuller botanical look.

Move the pieces around until the composition feels balanced.

Step 14: Add the Leaves Behind the Flowers

Position the crocheted leaves behind the flower arrangement.

Place some leaves vertically.

Angle others toward the sides.

Let a few extend beyond the flowers to create a wider silhouette.

Use approximately 10–12 leaves, or add more if necessary.

The darkest or largest-looking leaves can be placed toward the outer edges, while smaller leaves can fill gaps near the center.

Continue rearranging until you are happy with the shape.

Step 15: Sew the Flowers and Leaves Together

Thread a yarn needle with matching yarn.

Start by sewing neighboring flowers lightly to one another.

You do not need to sew every petal.

Instead, attach the flowers through their center backs or along the lower portions where the stitches will remain hidden.

Next, secure the leaves behind the flowers.

Use the long yarn tails left on the leaves whenever possible.

Keep checking the front of the arrangement while sewing.

The stitches should remain hidden from the front.

Once the flower-and-leaf cluster feels secure, attach the entire arrangement to the center portion of the tieback band.

Sew through several sections of the band so the weight of the flowers is evenly supported.

Step 16: Attach the Acorn Cords

Place the acorn cords along the lower center of the floral arrangement.

Allow the acorns to hang beneath the flowers.

You may position one near the center and the remaining acorns slightly to either side.

Sew the upper ends of the cords firmly to the back of the flower cluster or directly to the tieback band.

Make several secure stitches because the acorns will move when the tieback is handled.

Tie off the yarn securely and weave in the ends.

Step 17: Complete the Final Assembly

The reference tutorial uses the following basic assembly sequence:

1. Arrange all flowers and leaves on the tieback band.

Make sure the floral arrangement is centered and balanced.

2. Secure the flowers and leaves.

Use a yarn needle and sage green or coordinating yarn to sew the pieces securely from the back.

3. Attach the acorn cords.

Position them toward the bottom center of the arrangement.

4. Check the balance and spacing.

Look at the project from the front and make any necessary adjustments.

Finally, weave in every remaining yarn end.

Step 18: Check the Finished Tieback on Your Curtain

Wrap the finished tieback around the curtain.

Move the floral arrangement so it faces directly forward.

The flowers should sit comfortably against the gathered fabric while the band wraps behind the curtain.

Check that the acorns hang freely.

If the tieback feels too long, you can shorten the band.

If it feels too tight, extend it with additional chains or create a longer replacement band.

The finished project should hold the curtain without crushing or excessively gathering the fabric.

Step 19: Optional Adjustments and Customization ✨

The original combination of white, yellow, mustard, coral, beige, brown, sage green, and olive green creates a soft cottage and woodland look.

However, the structure can easily be customized.

For spring décor, try pale pink, lavender, cream, and light green.

For autumn décor, use rust, burnt orange, mustard, brown, and olive.

For a farmhouse palette, use ivory, beige, muted yellow, and dusty green.

You can also increase the number of flowers and leaves if you want a much fuller arrangement.

Just remember that additional crochet pieces will increase the weight of the tieback.

Step 20: Care Instructions

Spot clean the finished tieback gently whenever possible.

If washing becomes necessary, hand wash using cool or lukewarm water and a mild detergent.

Avoid aggressive twisting or wringing.

Reshape the flowers, leaves, and acorns while they are still damp.

Lay the tieback flat to dry.

Do not hang it while soaking wet because the weight of the water may stretch the crochet band.

Helpful Tips for the Best Result

Use 100% cotton yarn if you want the flowers and leaves to hold their shape well.

Lightly block the flowers and leaves before assembly.

Customize the color combination to match your curtain or room décor.

Make a few extra leaves before beginning the final assembly. They are useful for filling unexpected gaps.

When sewing the pieces together, frequently turn the arrangement over and check the front.

Do not pull the sewing yarn too tightly, because this can distort the flower centers.

If your petals curl slightly, gently reshape them after blocking.

Use a smaller amount of stuffing in the acorns than you might use for a typical amigurumi project. Their shape should remain soft and slightly natural.

Final Result 🌼🌿

Your completed Crochet Flower & Acorn Curtain Tieback should feature a lush group of white, golden, and coral flowers framed by textured green leaves, with decorative acorns hanging underneath.

The combination of dimensional crochet petals, woodland-style acorns, and layered leaves creates a handmade curtain accessory that can become a focal point in a bedroom, living room, sewing room, or cottage-inspired space.

Once you understand the basic construction, the same flowers, leaves, and acorns can also be used for wreaths, wall hangings, garlands, bag decorations, nursery décor, table decorations, or other crochet home accessories.
